## Proactive release of information about management of ministerial conflicts of interest

1 October 2014 – 30 September 2015

18 December 2015

---

### Explanatory note

- 1 The table below is a summary of actions taken by Ministers during the period 1 October 2014 to 30 September 2015 in order to manage actual or potential conflicts of interest. It includes transfers of responsibility to other Ministers and standing arrangements not to receive Cabinet papers. Other steps for managing conflicts of interest set out at paragraph 2.70 of the Cabinet Manual (such as declarations of interest, and ad hoc or short term arrangements not to receive papers) are not included.
- 2 The Office of the Ombudsman has reviewed this summary and confirmed that it is consistent with the more detailed record held by the Cabinet Office.
- 3 The actions listed in the table are standing arrangements, and may cover multiple instances when responsibility was exercised by another Minister or papers were not received. It is also possible that there have been no such instances, because the particular issue has not arisen in practice. The table only includes new arrangements put in place in the period 1 October 2014 to 30 September 2015, and is not a full summary of all transfers of responsibility and arrangements not to receive papers that have been made or are currently in place.
- 4 The nature of each actual or potential conflict of interest is described using the following categories:
  - Pecuniary: relating to a Minister's personal financial interests such as assets, debts and gifts
  - Personal: relating to a Minister's non-financial personal interests, such as family, whanau or close associates, former employment and business activities, and (in certain limited circumstances) current and past involvement with specific organisations
  - Portfolio: relating to different aspects of a Minister's official responsibilities
  - Constituency: relating to a Minister's role as a member of Parliament
- 5 The following actions commonly occur as a consequence of a transfer:
  - (1) officials report directly to the transferee in relation to the specified matter(s);
  - (2) any information relating to the specified matter(s) received by the transferor's office is referred to the transferee;
  - (3) the transferor does not receive Cabinet papers or other official papers or reports on the specified matter(s); and
  - (4) if the specified matter(s) is/are discussed at Cabinet, the transferor will declare his/her interest and withdraw from the meeting.

- 6 These actions are referred to below as “action (1)”, “action (2)” etc.
- 7 The annual proactive release of information about the management of ministerial conflicts of interest (covering transfers of responsibility and arrangements not to receive papers) was agreed by the Prime Minister and the Chief Ombudsman in 2012. The release is intended to provide public assurance that systems are in place to manage conflicts of interest effectively, while protecting the privacy of individuals, the confidentiality of Cabinet discussions, and the confidentiality of correspondence between the Cabinet Office and the Prime Minister and other Ministers about actual or potential conflicts of interest.
- 8 Further information on the management of ministerial conflicts of interest is set out at paragraphs 2.56-2.77 of the Cabinet Manual 2008, available at [www.cabinetmanual.cabinetoffice.govt.nz](http://www.cabinetmanual.cabinetoffice.govt.nz).
