Amazing Place CBD project competition winners unveiled

Release Date: 30 October 2013

The innovation and imagination of Greater Christchurch's older children has been recognised in the second stage of the BNZ Amazing Place competition.

The students from Years 7 – 13 have been taking part in the CBD project competition segment which invited them to imagine and design their own development for the CBD.

Last night their entries were judged, with special guest Governor-General Sir Jerry Mateparae describing their efforts as outstanding.

Their hard work has also been lucrative. Cash prizes were awarded to the teams individually as well as the schools, with the year 12/13 winners taking home \$10,000 for themselves and \$5000 for the school.

Above: Year 12/13 winners from Middleton Grange (l-r) Hannah Redman, Sarah Davie, Jonathan Frauenstein and Lionel Nherera with Governor General Jerry Mateparae and Roger Sutton.

The winners in each section and their projects were as follows:

Year 7

Winner

Christchurch South Intermediate – Recreation Centre
